

ONE TRADE

VOK-BOAT is specifically developed to meet the needs and constraints of professional seafarers (merchant marine, shipyard, workboats ...).

Key benefits:

- **Hands-free:** instant speaking with nothing to press
- **Encrypted digital transmission:** to prevent eavesdropping and ensure confidentiality
- **Patented noise filter:** perfect audio quality whatever the environment (strong wind, engine noise...)
- **No fixed installation:** completely mobile system for unrestricted movement
- **Possible connection to any existing marine intercom**
- **Uses royalty-free frequency:** no communication costs

ONE SOLUTION

VOK-BOAT

Portable radio communication system for a professional & safe navigation

INDUSTRY MARINE SAFETY ENTERTAINMENT

CONSTRUCTION REFEREEING SPORTS HOSPITALITY

A SOLUTION FOR EVERY TRADE

PORTABLE RADIO COMMUNICATION SYSTEM

- ▶ **VOK-BOAT:** Radio communication system specifically adapted to all sea professionals.

- ▶ **Vokkero®** is a complete system composed of a set of portable radio terminals and a wide range of headsets and accessories. It enables several users to **create an instant, continuous and secure audio conference**.
- ▶ A **hands-free system**, it doesn't need a base station.
- ▶ **Simple, intuitive and economical** to use (royalty-free frequencies), **Vokkero®** adapts to the specific features and needs of all users thanks to its many easily accessible functions.
- ▶ **The encrypted digital transmission** guarantees maximum protection against interference during communications and respects the private nature of exchange.
- ▶ Equipped with a **patented noise filter**, **Vokkero®** solves all communication problems in **noisy environments**.
- ▶ Utilized at the highest levels of sports officiating, **Vokkero®** is also perfectly suited to the construction, industrial, marine, security, entertainment and hospitality industries.

ONE SOLUTION

- ▶ Whatsoever between the master and crew members or between the site supervisor and the dockers, the wireless communication system VOK-BOAT is the solution **to stay in touch while keeping your hands free**.

VOK-BOAT has been specifically developed for marine applications. It allows **clear and continuous communication** between the team members. It is an indispensable tool in the navigation or maneuvering in port, to improve team coordination, crew efficiency and to reduce risks.

Rugged and watertight, the VOK-BOAT system is designed for sustainable use. Optional waterproof bag on request.

VOK-BOAT is equipped with a **patented noise filter** to eliminate all the noise pollution.

Another advantage of Vokkero® is a **Wireless Interface «WI»**, which permits to be connected to any type of marine intercom.

This «WI» so allows a **permanent contact between a mobile team and a control room**.

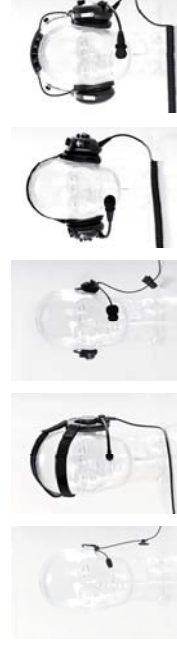

Our VOK-BOAT systems are available as kits.

CUSTOMIZATION

- ▶ In addition to our packaged solutions, we offer custom configurations to suit your needs.

Headsets

Chargers, batteries & Push-to-talk
